ANNUAL LIST MOUNT DESERT NURSERIES

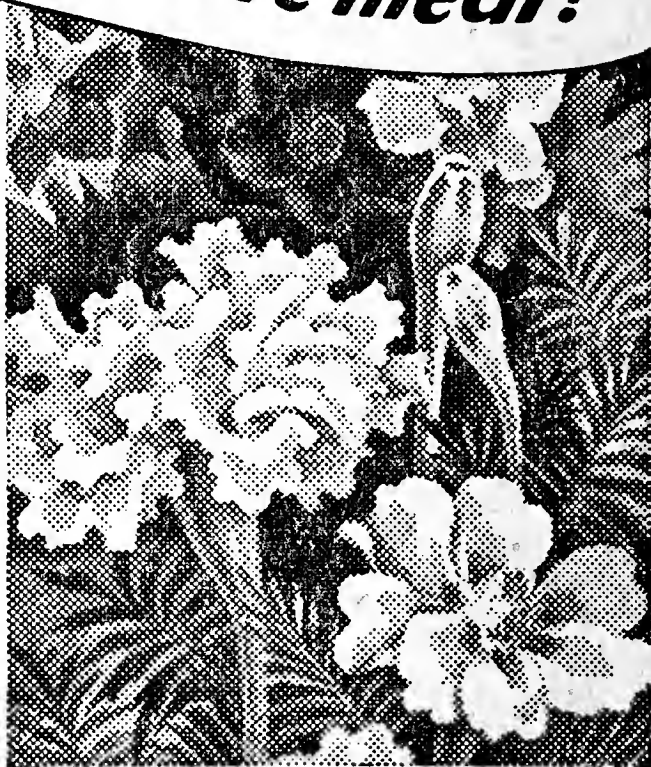

Flowers to brag about... just by giving them a square meal!

● YOU can have loads of gorgeous, big blossoms this year . . . if you make sure your flowers have *all eleven* of the food elements they need from the soil.

Nitrogen, phosphorus, calcium, magnesium, iron, manganese, potash and several others are *essential*; the lack of *even one* may bring disappointment. So feed Vigoro, the *complete* plant food that supplies *all eleven* vital elements in balanced proportions.

Vigoro is sanitary, odorless, easy to apply. It gives you far more food value for your dollar; costs less because you need so little. Order *now*.
